Projects

2 Steps Forward Senior Thesis Collection

Sept 2025 - May 2026

- Executed a 6-look collection inspired by heritage, patriarchy, and childhood, gaining recognition from industry professionals and a full understanding of the design process.
- Conceptualized, researched, designed, illustrated, and constructed 5 full looks, resulting in a photoshoot, showcase, and mood film.

SCAD PRO x Victoria's Secret

Mar 2026 - May 2026

- Collaborated with 20 SCAD students, successfully fulfilling our client's brief, resulting in collections, staple products, and innovative ideas for the brand.

Commercial Styling Project

Sept 2025

- Styled a mock collection by Paco Rabanne, resulting in a catalog with editorial, advertorial, and still lifes that captured their DNA.
- Tested the effectiveness of different social media assets, resulting in an understanding of which social media platform best fits Rabanne's needs.

Computer-Aided Design Fashion Collection

Mar 2025 - May 2025

- Conceptualized a collection from a random selection of stock images, resulting in a magazine and mock collaboration with Chloé.
- Used Photoshop, Illustrator, and InDesign to execute the process, resulting in a deeper understanding and higher skill level in Adobe.

Work Experience

Summer Art Camp Instructor

Diaspora Global Fdn. Fayetteville, GA

June 2025 - July 2025

- Curated and executed an 8-week fashion program with unique educational projects incorporating technology and creativity for 5-14-year-olds.
- Instructed students to improve fashion skills, including sewing, illustration, and sustainability, to produce personalized work.

Shift Manager

Cinnaholic

Peachtree Corners, GA

Mar 2023 - May 2025

- Collaborated with a team of 5 other managers to develop a one-of-a-kind menu with a varied flavor palette.

Research Study Participant

Cotton, Inc.

Atlanta, GA, USA

Mar 2023 - Aug 2023

- Designed and produced 2 unique garments from organic and synthetic cotton, respectively.
- Collected research data through 4 periodic surveys on organic and synthetic cotton to provide companies with information on how to produce and profit from high-quality cotton goods.
